

People, Power, and Planet

BLUE&P
group

Presentation
Edition 7 | Summer 2024

A photograph of an industrial facility, possibly a refinery or chemical plant, at night. The scene is illuminated by various lights, with two prominent towers or distillation columns in the foreground. The image is overlaid with a semi-transparent blue circular graphic on the left side.

TABLE OF CONTENTS

- Our story

- History

- Values, mission and vision

- Field of Activities

- Infrastructure and Contracting

- Manufacturing

- Business Development and Investment

- Presence in the Global Arena

- Selected Projects

At BLUE&P we aim to shape a world in which
no dream stays in the shadows.

“We believe **dreams** exist to **come true**,
and **we make a way to achieve them.**”

MOHAMMAD PARSA
Founder of the **BLUE&P** Holding

- Starting to manufacture electrical equipment in **1972**
- Launching a switchgear factory, then establishing PARSTABLEAU Co. in **1982**
- Exporting switchgear to the GCC market in **1993**
- Establishing new companies for EPC projects in **2001**
- Implementing the first overseas EPC projects in **2011**
- Establishment of BLUE&P group in **2015**
- Starting hydro-power projects in **2018**
- New manufacturing: Circuit Breakers, Steel Structures & Transmission Towers in **2019**
- Establishment of: Infrastructure Group, Manufacturing Group, and Business Group in **2020**
- Starting the implement the first large scale solar power plant in **2022**
- Establishment of Oil & Gas, mining and innovation accelerator holdings in **2023**
- Financing the first large-scale wind farm (500MW) in **2024**

Today BLUE&P holds more than 30 subsidiaries, active in infrastructure industries, manufacturing, new developments, and investment. We are currently executing multiple infrastructure projects in the Middle East, Central Asia, and Africa.

We are committed to:

People, Power, Planet.

VISION: Delivering Power to Enable People, Shaping a Sustainable Future for Our Planet.

MISSION: Providing Smart Power Solutions to Fulfill the People's Needs.

BLUE&P Representatives

- Iran - Tehran
- Emirates - Jebel Ali
- Oman – Muscat
- Iraq – Baghdad
- Afghanistan – Kabul
- Armenia, Yerevan
- Ghana – Accra
- Tanzania - Dar es Salaam
- Turkmenistan – Ashgabat
- Uzbekistan – Tashkent
- Kyrgyzstan – Bishkek
- Syria – Damascus
- Cameroon – Yande
- Kenya – Nairobi
- Ethiopia - Addis Ababa
- Sri Lanka - Colombo

ENR Ranks **123** Among 250 International Contractors (The Only Iranian Representative in the Ranking)

- The exemplary exporter in technical engineering service in the province and the country in 2019, 2018, 2017
- The exemplary exporter in 1992
- The exemplary industrial unit 2002, 2004, 1013

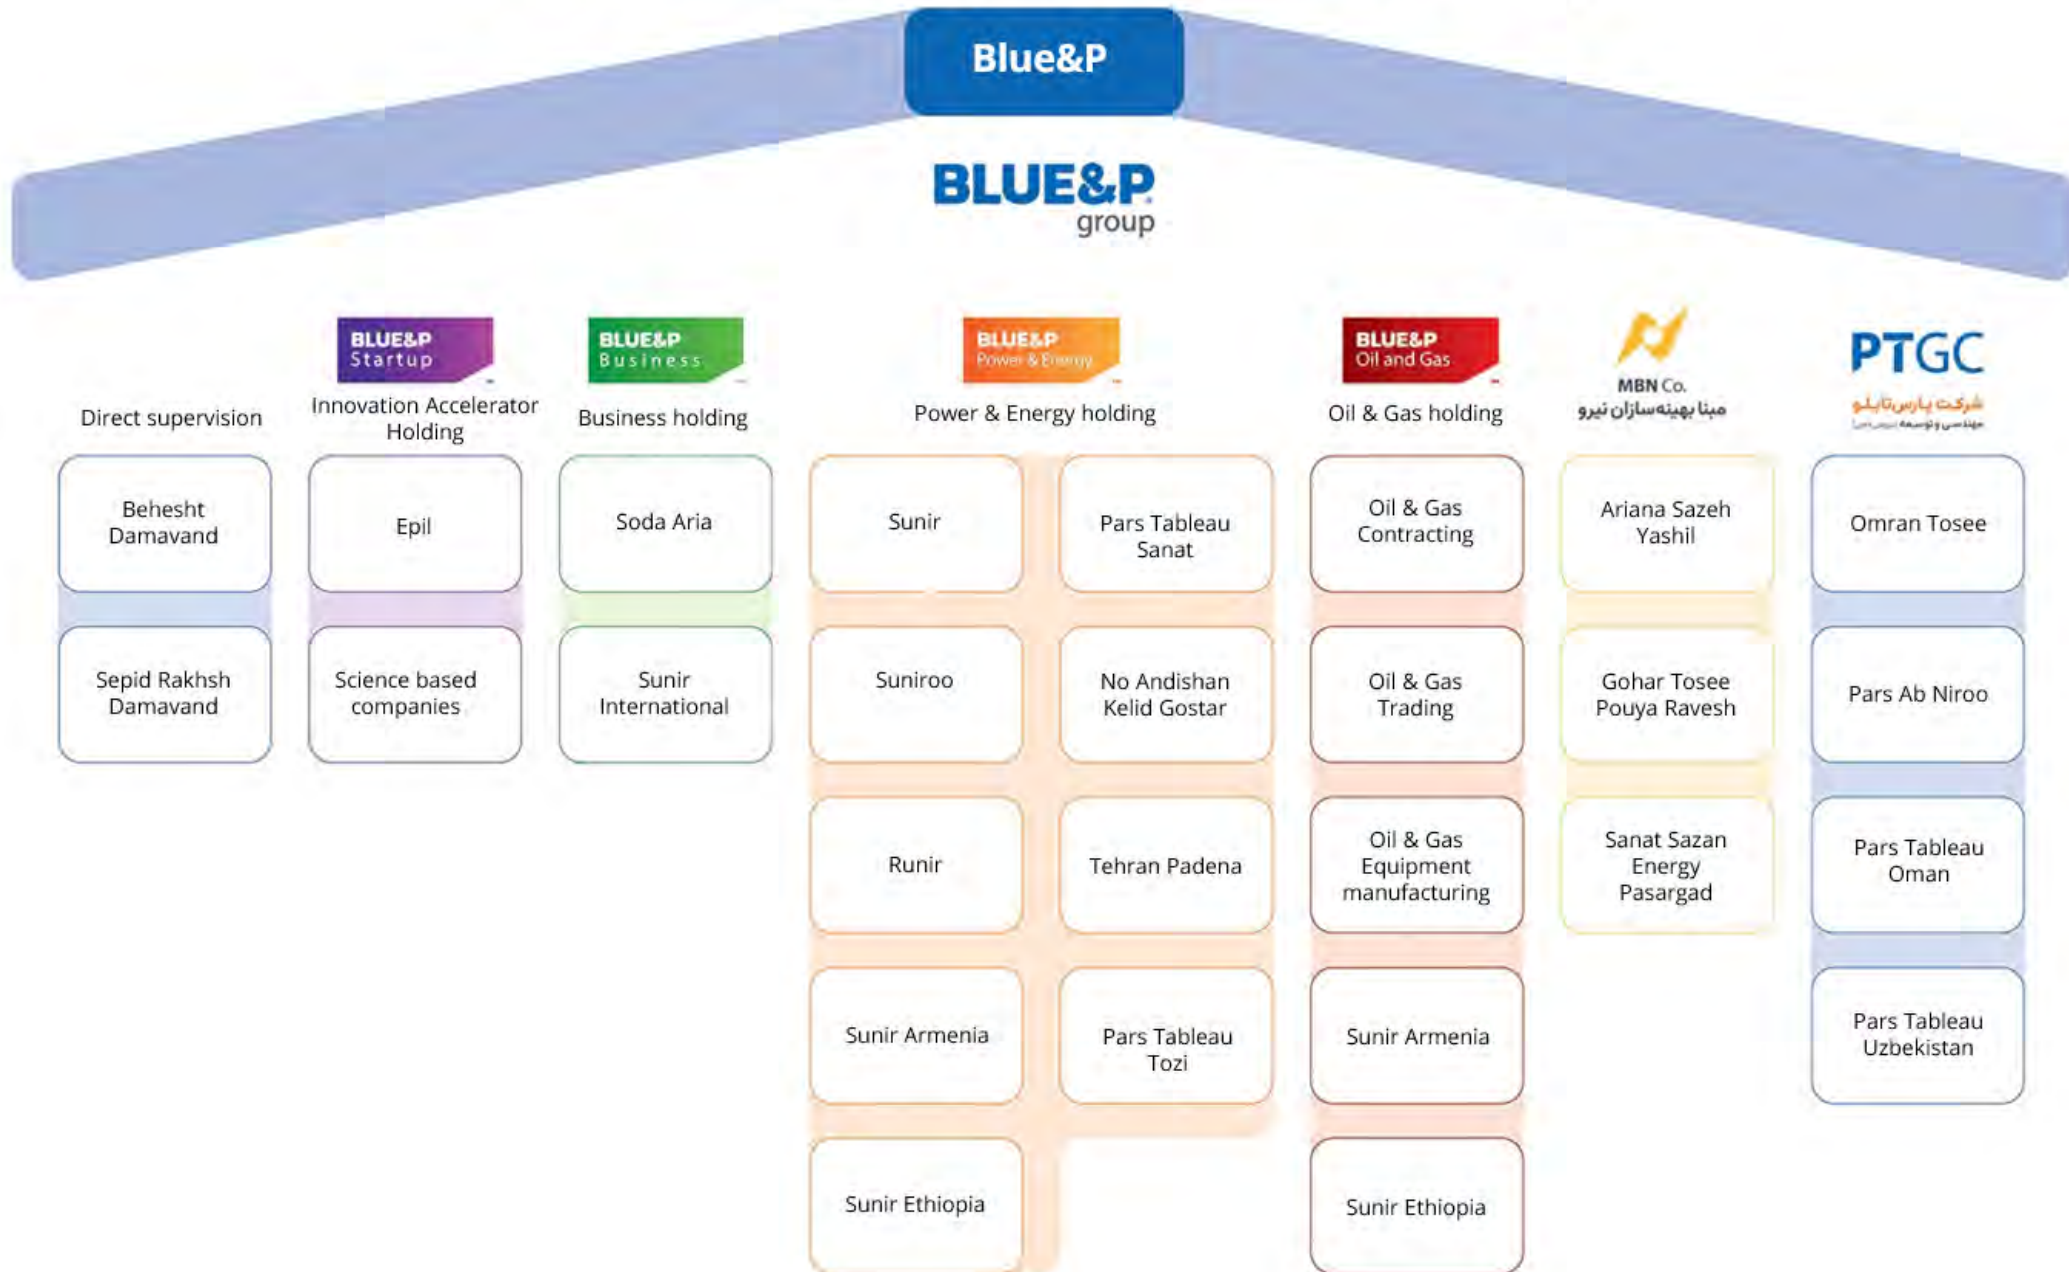

National exemplary exporter

Ranked 124th among the top 500 companies by IMI

- Ranked 4th of the best contractors in Iran (PTGC)
- Ranked 22nd of the best contractors in Iran (MBN)
- Ranked 1st of the export management companies in Iran (PTS)

The organizational structure of the groups and subsidiary companies of Blue&P Holding

Pars Tableau Engineering and Development Company (PTGC)

The general contractor of power, water, oil and gas projects, mass housing, facilities, petrochemical and road construction

Omran Tosee: Implementation of civil and construction projects

Pars Ab Niroom: implementation of water projects, water treatment and dam construction

Mashin Alat: Supplying machines needed for projects of holding companies

Pars Tableau Mashhad: General contractor for infrastructure projects in Mashhad

Pars Tableau Zanjan: General contractor for infrastructure projects in Zanjan

Pars Tableau Mokran: General contractor for infrastructure projects in Mokran

Mabna Behineh Sazan Niroom (MBN)

Contractor of high voltage transmission and distribution substations, mass housing

Ariana Sazeh Yashil: Construction of metal structures, mesh towers, gantry, solar panel structures, cable trays, and fittings

Gohar Tosee Pouya Ravesh: Implementation of mass housing projects

Sanat Sazan Energy Pasargad: Implementation of power transmission and distribution construction projects

Oil and Gas Group

Blue&P Oil and Gas Infrastructure is an international contracting group under Blue&P Holding, which is the managing owner of several companies in the oil, gas, and petrochemical contracting sector

Oil & Gas Contracting

Oil & Gas Trading

Oil & Gas Equipment Manufacturing

SUNIR Armenia

SUNIR Ethiopia

Power and Energy Group

Blue&P Power and Energy Group was established with the aim of building and producing equipment for the country's electricity industry with the presence of experienced manufacturing companies. Moreover, this group supervises the Sunir company and its international branches

Sunir: Export of technical and engineering services in the fields of electricity, water, oil and gas, and petrochemicals

Pars Tableau Sanat: manufacturer of low voltage and medium voltage tableau

Kelid Gostar Pouya (KGP): Manufacturer of all kinds of low and medium-voltage switchgear

Tehran Padena: Manufacturer of automatic switches and low-voltage industrial switches

Pars Tableau Tozi Pouya: Manufacturer of compact metal and prefabricated cement posts, control, protection, and marshaling panels.

Business Group

This holding, as an independent service and commercial arm, focusing on comprehensive, innovative services, seeks to create value at the national and international levels

Soda Aria: Engineering and supply, commercial services and project logistics

Sunir International: Engineering and supply of goods, commercial services and project logistics in the international market

Blue&P Innovation Accelerator

Supporting the development of knowledge-based businesses and startups

EPIL: Product certification body, international laboratory management, technical inspection, training, standard development, and determining the nature of imported goods

Behesht Damavand and Sepid Rakhsh Damavand

Under the direct supervision of Blue&P Holding

Behesht Damavand: carrying out agricultural and animal husbandry projects, providing tourism and ecotourism services

Sepid Rakhsh Damavand: packaging, food, mineral water and drinks

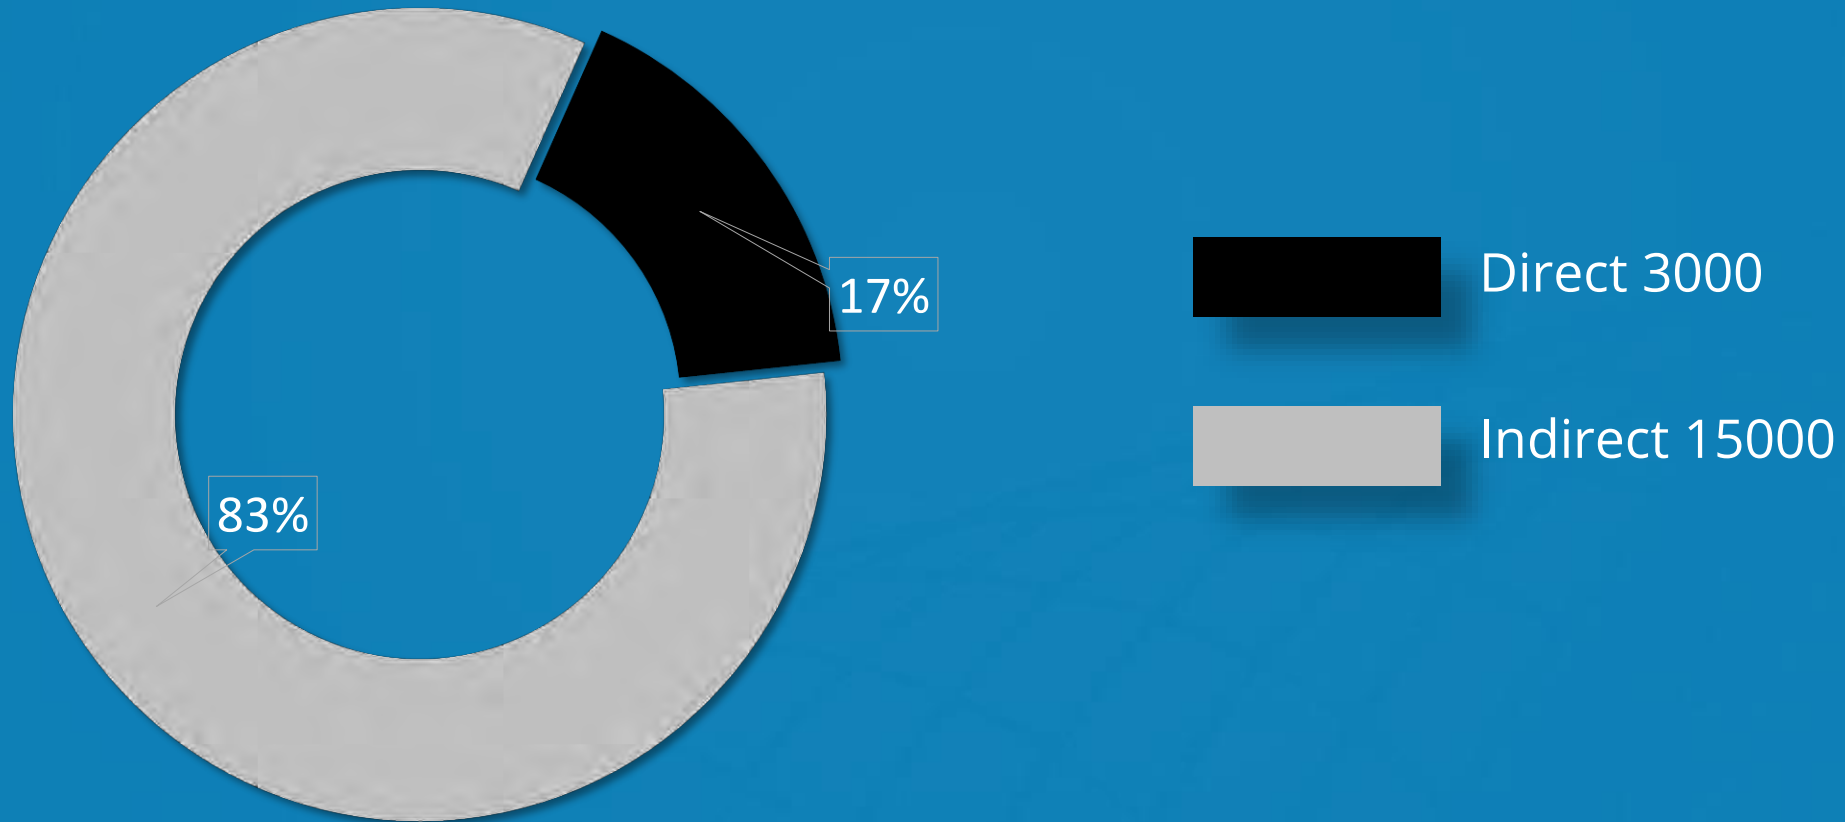

Information and Communication Technology Group

Paya Tarh Parsis: Consulting, engineering, design, implementation, construction, installation, testing, commissioning and transfer of matters related to electrical and mechanical facilities, technical knowledge of systems and equipment for industrial and executive projects and all telecommunication systems, authorized technical and chemical control

Direct Supervision

Beh Gozin Dam Sangsar: A pioneering company in the country's traditional and industrial animal husbandry

BLUE&P EPC Contracting

- **Water & Waste Water Sector**
- **Power Generation**
- **Transmission Lines**
- **High-Voltage Substation (AIS- GIS)**
- **Oil & Gas and Petrochemistry**
- **Building, Steel And Concrete Structures**
- **Road Construction & Maintenance**
- **Automation**
- **Exploration, Extraction and Exploitation of Mines**
- **Information And Communication Technology**

Water & Waste Water Sector

An aerial photograph of a water treatment plant. The image shows several large circular clarifiers or aeration tanks arranged in a grid. In the foreground, there are several large, cylindrical blue storage tanks connected by a network of pipes and walkways. The facility is surrounded by green grass and some industrial buildings.

Water Transmission

- Design, supply, and construction of water and sewage pipelines
- Design, supply, and construction of pumping stations

Water and Wastewater Treatment

- Design, supply, and construction of advanced water purification systems
- Design, supply, and construction of industrial wastewater treatment

Water & Waste Water Sector

Dam and Hydropower Plant at Dahane Dara

- Construction of a dam with a crown length of 380 meters and a height of 67 meters
- Hydropower plant with three 650 kW turbine units, irrigation network for 3500 hectares of agricultural land

Country	Afghanistan
Employer	Ministry of Energy and Water of Afghanistan
Finance	Government of Afghanistan
Status	Under Construction

Water & Waste Water Sector

Construction of Karamabad Reservoir Dam

Complementary operation of reservoir dam and water transmission line

Country	Iran
Employer	Regional Water Company of West Azerbaijan
Status	Under Construction

Water & Waste Water Sector

Supply of Equipment and Construction and Operation of Pumping Station No. 5 (EPC)

Designing the construction of the pumping station, reservoir - 40,000 cubic meters and all adjacent buildings, supply, transportation, installation, testing, and commissioning of all equipment along with the full operation of the pumping station site

Country	Iran
Employer	Water Supply Company for Industries and Mines (IMWASCO)
Status	Under Construction

Water & Waste Water Sector

40 km Water Transmission Line from the Sea of Oman to the Eastern Provinces of the Country

Designing the construction of the pumping station, reservoir - 40,000 cubic meters and all adjacent buildings, supply, transportation, installation, testing, and commissioning of all equipment along with the full operation of the pumping station site

Country	Iran
Employer	Water Supply Company for Industries and Mines (IMWASCO)
Status	Under Construction

Water & Waste Water Sector

Water Supply and Pipe Jacking Project

Supply of equipment for the water supply project and implementation of 100 meters of 1200 mm pipe jacking

Country	Iran
Employer	Golghar Mining and Industrial Company
Status	Completed

Water & Waste Water Sector

Construction of Boroujerdi Reservoir Dam

Excavation and embankment, Construction of sealing wall, spillway, water diversion culvert, drainage system and other side structures of the dam.

Country	Iran
Employer	Regional Water Company of Lorestan
Status	Under Construction

Water & Waste Water Sector

Construction of Daryan Reservoir Dam by Joint Venture of Kulham

Country	Iran
Employer	Iran Water and Power Resources Development
Status	Completed

Water & Waste Water Sector

Water Transmission Line from the Oman Sea to Isfahan Province Industries

Supply and Implementation of 88 Kilometers of Water Transmission Line with a Diameter of 1600 Mm to 2000 mm, Water Transmission Project from the Oman Sea to the Industries of Isfahan Province

Country	Iran
Employer	Isfahan Water supply Company
Status	Under Construction

Water & Waste Water Sector

Completion and Development of Purified Water Supply to The Refinery Buildings and Construction of RO Shed of Parsian Gas Refinery Company

Supply and Implementation of 88 Kilometers of Water Transmission Line with a Diameter of 1600 Mm to 2000 mm, Water Transmission Project from the Oman Sea to the Industries of Isfahan Province

Country	Iran
Employer	Parsian Gas Refinery company
Status	Under Construction

Water & Waste Water Sector

10 Water Treatment Plant and Pumping Station Projects in Cuba

Design, supply of equipment, and supervision of the water treatment plant of Bunce, Guanta, Jesus Menendez, El Maya, and Palma Soriano, as well as the supply of equipment including horizontal and deep well pumps for the pumping stations of Els Tunas, Camaguey, Havana, and Holguin

Country	Cuba
Employer	Cuba Hidraulica
Status	Completed

Water & Waste Water Sector

Creating a Comprehensive Treatment Plant Unit for Industrial Effluents and Surface Water, Connecting Utility Lines Required by the Project in the Form of Utilities

Country	Iran
Employer	Karon Petrochemical Company
Status	Under Construction

Water & Waste Water Sector

Water Recovery Project of Golgohar Complex

Engineering, Procurement, Construction, Installation and commissioning of
Tailing Dam with 23m height and 2500m length
Tailing transmission pipe line (4 lines) with 9 km length
Pump station with 8.5 km water transmission line for reclaim water

Country	Iran
Employer	Golgohar Mining and Industrial Complex
Status	Under Construction

Water & Waste Water Sector

Operation of Construction of Transmission Line and Protection Dyke of Zirdan Greenhouse Town, Chabahar City, Sistan and Baluchistan Province

Country	Iran
Employer	Agricultural Settlements Company, Ministry of Agricultural Jihad
Status	Under Construction

Water & Waste Water Sector

Chak-e Wardak Hydro Power Plant

3 units of Turbines and Generators with a capacity of each 1800 KVA, 160km of 0.4/33kV substation 20 kV and 400V Transmission and distribution line

Country	Afghanistan
Employer	Afghanistan Ministry of Energy and Water
Status	Under Construction

Water & Waste Water Sector

Darunta 14 MW Hydro Power Plant in Jalal Abad

Renovation of three units 4.7 MW vertical Kaplan type turbine generator
Construction of warehouse and site with an area of 650 square meters,
Construction of office building with an area of 1850 square meters,
Rehabilitation of 6 steel gates

Country	Afghanistan
Employer	Breshna
Status	Under Construction

Power Generation

- Design, supply, and implementation of hydro, gas, combined cycle, and renewable power plants
- Feasibility studies of power generation plans
- Major rehabilitation of the power plant
- Operation and maintenance of the power plant

Power Generation

Iraq 320 MW Al-Sadr Power Plant

Design, Supply, Commissioning, and Installation of Iraq Al-Sadr Gas Power Plant (2x160 MW)

Country	Iraq
Employer	Iraqi Ministry of Electricity
Status	Completed

Power Generation

Iraq 320 MW DEBIS Power Plant

Design, Supply, Commissioning, and Installation of Iraq DEBIS gas power plant (2x160 MW)

Country	Iraq
Employer	Iraqi Ministry of Electricity
Status	Under Construction

Power Generation

15 MW Gas Engine Power Plant

Designing, Supply of Goods, and Commissioning of a 15 MW Gas Engine Power Plant

Country	Iran
Employer	Golgohar Mining and Industrial Complex
Status	Under Construction

15 MW gas engine power plant of Golgohar complex

Power Generation

40 MW Solar Power Plant in Sirjan

Design, Supply, Installation, Implementation and Operation of a Solar Power Plant 40 MW in Sirjan

Country	Iran
Employer	Golgohar Mining and Industrial Complex
Status	Under Construction

Power Generation

Design and Implementation of 2.5 MW Wind Turbines Project in Armenia

Engineering, supply of equipment, installation and operation of wind farm in Pushkin Pass

Country	Armenia
----------------	---------

Employer	HVEN
-----------------	------

Status	Completed
---------------	-----------

Power Generation

Installation of Solar Systems in East Azerbaijan Province

Procurement and supply of equipment and installation of solar systems in 4 villages of East Azerbaijan province

Country	Iran
Employer	East Azerbaijan Electricity Distribution Company
Status	Completed

Power Generation

Construction of Solar and Wind Power Plants in Raver and Zarand Cities of Kerman

Procurement, installation and commissioning of an electrification project using wind and solar energy in order to electrify 5 villages in Raver and Zarand cities of Kerman.

Country	Iran
Employer	Kerman Electricity Distribution Company
Status	Completed

Power Generation

Construction of Solar Power Plant of Isfahan University

Supply of equipment and construction of 20 kW solar power plant of Isfahan University

Country	Iran
Employer	Isfahan University
Status	Completed

Transmission Lines

The background of the slide features a photograph of several high-voltage transmission towers (pylons) supporting power lines. The towers are made of metal lattice and are spaced out across a landscape. The sky is a pale, hazy yellow, suggesting a sunrise or sunset. The overall image has a warm, golden-yellow color cast.

- **Design, supply, and implementation of transmission lines up to 500 kV**
- **Feasibility studies of power transmission projects**
- **Repairs, operation, and maintenance of transmission lines**
- **Energy exchange with neighboring countries**

Transmission Lines

400 kV Iran-Armenia Third Power Transmission Line

Design, Engineering, Procurement, Supply and Construction Of 275 km 400 kV Iran-Armenia Third Power Transmission Line

Country	Armenia
Employer	High Voltage Electric Networks (HVEN)
Status	Under Construction

Transmission Lines

500 kV and 220 kV Two-Circuit Shekarpur Transmission Lines

Design, Production, Supply, Installation, Testing and Commissioning of 500 kV and 220 kV Two-circuit Shekarpur Lines

Country	Pakistan
Employer	Pakistan Transmission and Distribution Company
Finance	Japan International Cooperation Agency (JICA)
Status	Completed

Transmission Lines

220 kV Two-Circuit Transmission Line Dado Khozdar

Design, Supply and Installation of 120 km of 220 kV Two-circuit Transmission Line in Dado Khozdar

Country	Pakistan
Employer	NTDCL
Finance	Japan International Cooperation Agency (JICA)
Status	Completed

Transmission Lines

Implementation of 330 and 220 kV Overhead Transmission Lines and Substations in Azerbaijan

Design, supply of equipment, construction and commissioning of 330 and 220 kV overhead transmission lines and substations

Country	Azerbaijan
Employer	NTDCL
Finance	Azerenrji JSC
Status	Completed

Transmission Lines

Design, Supply, and Construction of 36 Km of 220 kV Overhead Line

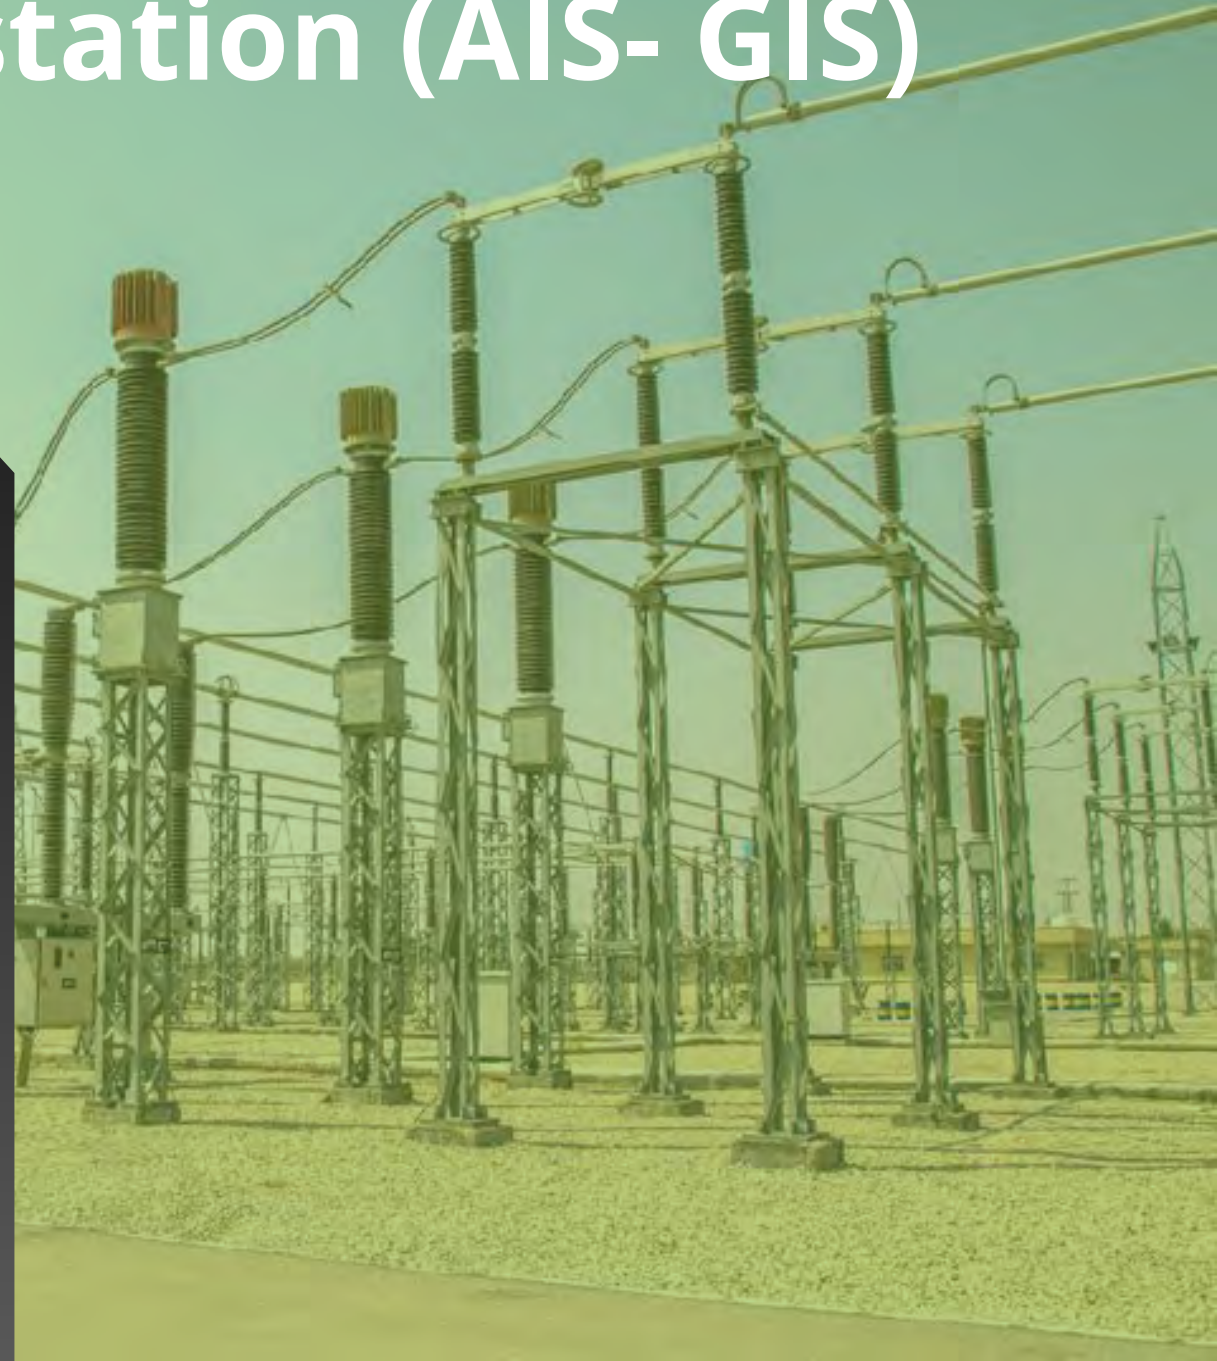

Design, supply of equipment, construction and commissioning of 330 and 220 kV overhead transmission lines and substations

Country	Afghanistan
Employer	Breshna Company
Status	Under Construction

High-Voltage Substation (AIS- GIS)

- Design, supply and implementation of high-voltage substations up to 500 kV (AIS-GIS)
- High-voltage stations exploitation, maintenance and repair

High-Voltage Substation (AIS- GIS)

Armenia 400/220/20 kV Noravan Substations

Design, Engineering, Procurement, Supply and Construction of 400/220/20 kV Noravan Substation

Country	Armenia
Employer	SUNIR
Finance	Export Development Bank
Status	Under Construction

High-Voltage Substation (AIS- GIS)

Construction of 63/20 kV substation in Qarchak Industrial Town

Design services, supply of equipment, and construction of 20/63 KV substation in Qarchak Industrial Town

Country	Iran
Employer	Tehran Regional Electricity Company
Status	Under Construction

High-Voltage Substation (AIS- GIS)

Construction of 63/20 kV Substations in Mehrgan Qazvin and Navavaran Zanjan

Design, supply of equipment, and construction of 63/20 kV substations in Mehrgan and Navavaran

Country	Iran
Employer	Zanjan Regional Electricity Company
Status	Under Construction

High-Voltage Substation (AIS- GIS)

Bidboland 230/20 kV Substation

Engineering, Procurement, Construction, Test and Commissioning of 230/20 GIS kV Substation

Country	Iran
Employer	Bidboland Gas Refinery Company
Status	Under Construction

High-Voltage Substation (AIS- GIS)

Kaveh Arvand Steel 132/33 kV Substation

Design, Supply and Construction of a new 132/33 kV Substation

Country	Iran
Employer	Kaveh Arvand Steel
Status	Completed

High-Voltage Substation (AIS- GIS)

230/33 kV Substation in Mtera Hydropower Plant

Design, Provision and Implementation of the Development Of 230/33 kV Substation in Mtera Hydropower Plant

Country	Tanzania
Employer	REA
Finance	Sweden and Norway
Status	Under Construction

High-Voltage Substation (AIS- GIS)

Aligoudarz 400/63 kV Substation

Engineering, Procurement, Construction, Test and Commissioning of 400/63 kV Substation

Country	Iran
Employer	Bakhtar Regional Electricity Company
Status	Under Construction

High-Voltage Substation (AIS- GIS)

132/33 kV South Rohina Substation

Design, Supply, Construction, Test, and Commissioning of 33/132 kV Substation

Country	Iran
Employer	South Rohina Steel
Status	Completed

High-Voltage Substation (AIS- GIS)

Construction of 132/20 KV Substation in Khusuf Industrial Town

Design, supply of equipment, and construction of 132/20 kV substation in Khusuf industrial town

Country	Iran
Employer	Khorasan Regional Electricity Company
Status	Under Construction

High-Voltage Substation (AIS- GIS)

Development of 220 kV Substations in Ethiopia

Development of existing 220 kV substation in Bahirdar, Gondar, and Shahdi, Ethiopia

Country	Ethiopia
Employer	Ethiopian Electric Power
Status	Completed

High-Voltage Substation (AIS- GIS)

Construction of 63/6.6 kV Substations in Hamadan city

Construction of 63 kV substations for pump station No. 2 and 3 of Hamedan city water supply project

Country	Iran
Employer	Regional Water Company of Ha
Status	Under Construction

High-Voltage Substation (AIS- GIS)

The Project of Implementing Mobile Posts in Iraqi Kurdistan

Engineering, supply of equipment, installation, and operation of 2 mobile substations 11.132 and 11.33 kV

Country	Iraqi Kurdistan
Status	Completed

High-Voltage Substation (AIS- GIS)

Implementation of 66/20 KV Substations in Syria

Design, engineering, supply of equipment and construction of 6*66/20 kV substations

Country	Syria
Employer	PEDEEE
Status	Completed

High-Voltage Substation (AIS- GIS)

Electrification of 1000 Villages in Sri Lanka

Design, supply of equipment, and installation of distribution lines and equipment

Country	Sri Lanka
Employer	CEB
Financer	Export Development Bank of Iran
Status	Completed

Oil & Gas and Petrochemistry

- **Oil and Gas Pipelines**
- **Storage Containers**
- **Installation of Mechanical Equipment, Industrial Valves, and Heat Exchangers**
- **Ventilation Equipment**
- **Reconstruction of Worn-out Equipment**

BLUE&P Group, relying on successful experiences in providing equipment for national projects in the oil and gas sector and benefiting from the capacity of its strategic partners and subsidiaries in various oil and gas sectors in all stages from identification to exploitation, is able to provide financing, engineering, Supplying specialized equipment and machinery and implementing the project.

Oil & Gas and Petrochemistry

Gas Transmission Project from Iran to Armenia

Design, engineering, soil operations and construction works related to the implementation of about 40 kilometers of natural gas pipeline between Megri and Kajaran

Country Armenia

Status Completed

Oil & Gas and Petrochemistry

Construction of Abadan Refinery Storage Complex

The project of building a storage complex, vacuum loading and accessories

Country	Iran
Employer	Abadan Oil Refinery
Status	Under Construction

Oil & Gas and Petrochemistry

Design, Supply and Implementation of Pressure Reduction Stations in Parsabad

The project of procurement of materials and construction of main network of 4 stations of 20000TBS Moghan greenhouse

Country	Iran
Employer	Agricultural settlements company
Status	Under Construction

Oil & Gas and Petrochemistry

Implementation of the Gas Supply Network from Abash Ahmed to Horand

Complete construction and installation of the pipeline, commissioning and delivery, cathodic protection and insulation system, testing, commissioning and troubleshooting of gas lines

Country	Iran
Employer	Gas of East Azarbaijan province
Status	Under Construction

Oil & Gas and Petrochemistry

Fuel storage tanks of Al-Sadr gas power plant

Supply, Construction, and Operation of Fuel Storage Tanks of Al-sadr Gas Power Plant in Iraq

Country	Iraq
Employer	Iraqi Ministry of Electricity
Status	Completed

Oil & Gas and Petrochemistry

Fuel storage tanks of DIBIS gas power plant in Iraq

Supply, Construction, and Operation of Fuel Storage Tanks of DIBIS Gas Power Plant in Iraq

Country	Iraq
Employer	Iraqi Ministry of Electricity
Status	Completed

Building, Steel And Concrete Structures

- **Urban Constructions Including Residential, Office and Commercial Buildings**
- **Road, Bridges and Tunnels**

Benefitted from project management capabilities, engineering capacities inherent in BLUE&P group and the potentials to financing, our group is capable of implementing any project in the fields of steel and concrete structures as well as urban infrastructures.

Building, Steel And Concrete Structures

Construction of 2197 Housing Units in Parand New City

Design, Supply, and Construction 2197 Residential Units of 11 Floors and 10 Floors and Landscaping of the Residential Town in New Parand City

Country	Iran
Employer	Imran Shahr New Parand Company
Status	Under Construction

Building, Steel And Concrete Structures

Construction of 250 Housing Units

Construction of 250 Housing Units in TIS, Sistan and Balouchestan

Country	Iran
Employer	Tis New City Development Company
Status	Under Construction

Building, Steel And Concrete Structures

Construction of 1220 Residential Units

Construction of 1220 Residential Units in Qom City

Country	Iran
Employer	General Administration of Roads and Urban Development of Qom Province
Status	Under Construction

Building, Steel And Concrete Structures

Construction of 544 Residential Units

Design, supply of equipment, and construction of 544 residential units in Kerman

Country	Iran
Employer	Tosee Garan Omran Setad Company
Status	Under Construction

Building, Steel And Concrete Structures

Construction of 600 Residential Units of the National Housing Movement Plan

Design, supply of equipment and construction of 600 residential units in Hormozgan

Country	Iran
Employer	New Alavi Construction Joint Stock Company
Status	Under Construction

Road Construction & Maintenance

- **Construction, Maintenance, and Operations**
- **Route & Pavement Design**
- **Technical Structure**

To decrease time of construction so that benefit to the road user is achieved earlier than expected.

Attach engineering attributes and geometrics such as stability, gradient, water management, curvature, super elevation, width, structures etc.

Comfort and aesthetic realization

Employment generation and environment protection etc.

Road Construction & Maintenance

Construction of of Pardis-Haraz freeway (EPCF)

Financing, Construction, Maintenance, Operation, and Transfer of Pardis-Haraz Freeway

Country	Iran
Employer	Construction and Development of Transportation Infrastructures Company
Finance	PTGC
Status	Under Construction

Road Construction & Maintenance

Construction of of Athority Road and Urban Development of Khorasan road

Construction Operation of The Second Runway of Tabas-Yazd Axis (Fourth Section) With a Length of 17 km, Between km 36,000 and 53,000

Country	Iran
Employer	Athority Road and Urban Development of Khorasan Infrastructures Company
Status	Under Construction

Mining

- Identification, geological operations, and mining exploration
- Earthworks, digging, and excavation of mines
- Product extraction and processing
- Operation and maintenance of mines
- Earthworks, excavation, transportation, and pounding

ICT

- Power Distribution Control Systems (PDCS)
- Power Management Systems (PMS)
- Supervisory Control and Data Acquisition Systems (SCADA)
- Substation Control Systems (SAS)
- Distributed Control Systems (DCS)
- Process Control Systems (PCS)

Automation

- Implementation of Fiber-optic Data Transmission Systems (SDH/PHD)
- Implementation of Frequency and RF Transmission Systems Using Power Transmission Lines
- Implantation of Ip-based Communication Systems
- Design, Supply and Execution of Data Center as Well as Data Storage Systems

BLUE&P Manufacturing

- **Switchgears**
- **Circuit Breakers**
- **Steel Structures**
- **Mining Activities And Products**

Switchgears

- MV Draw-Out Switchgear licensed by ALSTOM (France) since 1989
- LV Draw-Out Switchgear licensed by ALSTOM (France) since 1995
- Control, Protection & Distribution Panels

Our permanent commitment to quality and technical upgrading of products based on IEC standards and our acquisition of Type Test Certification from ICMET-VIEKY-CESI and KEMA Laboratories

Circuit Breakers

Supply and Manufacture of:

- HV Circuit Breaker
- Vacuum-SF6 Circuit Breaker
- SF6 Load Break Switch
- Air-Break Load Break Switch
- LV MCCB Molded Case Circuit Breaker
- MCB Miniature Circuit Breaker
- LV ACB Air Circuit Breaker

MCB and MCCB licensed UNELEC France technology since 1995.
All Medium Voltage products are developed and type-tested by BLUE&P Group

Steel Structures

- High Voltage Transmission Towers
- Telecommunication Towers
- Gantry and Substation Steel Structures
- Cable Tray & Cable Ladder
- Transmission Line Fittings
- Pipe Racks
- Racking Systems for Warehouses
- Industrial Sheds
- Lighting Poles

BLUE&P Startup

- Training programs
- Mentoring
- Seed/Angel investing
- Venture Capital (VC)
- Private Equity
- Providing customer acquisition channels
- Legal services, human resources, ...
- Administrative infrastructures
- Reducing the risks of technology development

NEW INVESTMENT OPPORTUNITIES

- **Fintech**
- **Renewable Energies**
- **Real Estates**
- **Modern Agriculture**
- **Foods and Beverages**
- **Packaging**
- **Tourism**
- **Sports, Cultural and Artistic Activities**
- **IoT and IIoT**
- **Artificial Intelligence**
- **Battery Storage Systems**

BLUE&P Concession Business

- **EPCF – Engineering, Procurement, Construction and Financing**
- **PPP - Public-Private Partnerships**
- **BOT – Build Operate Transfer**
- **BOOT – Build Own Operate Transfer**
- **BOO – Build Own Operate**
- **IPP – Independent Power Producer**

FINANCING INFRASTRUCTURE PROJECTS

- **Financing projects through foreign loans granted against guarantee backed by government agency (conventional finance)**
- **Providing financial model to facilitate the financing process**
- **Portfolio management and stock exchange services**

Taking advantage of a knowledge of executing projects in different sizes, we are now ready to invest in power and energy plans and take part in financing projects to partner in development and economic growth.

Iran	Performing engineering services, completing the purchase of installation equipment, test commissioning of 132/33 KV substation, Ba'ath Mahshahr	EPC	Khuzestan Regional Electric Company	MBN	2022	Under Construction
Iran	Replacement and implementation of 66 kV ground line of Bandar Imam Petrochemical Plant	EPC	Bandar Imam Petrochemical Company	PTGC	2022	Under Construction
Iran	Designing, supplying equipment, transporting, installing, testing and setting up and construction operations for the construction of 400/66 KV substation in Aligoodarz	EPC	Electricity Company of Western Regions	PTGC	2020	Under Construction
Cameroon	Construction of 225 kV and 90 kV high voltage transmission line near Douala city	EPC	SONATREL	MBN	2020	Under Construction

Power Transmission and Distribution						
Afghanistan	Supply and implementation of 36 km of 220 kV transmission line of Hashemi bridge	EPC	Breshna	PTGC	2020	Under Construction
Iran	Engineering, procurement and construction services of Bidbland 230 kV substation	EPC	Bedbland Gas Refining Company	PTGC	2018	Completed
Tanzania	Design, provision and implementation of the development of 230/33 kV substation in Mtera hydropower plant	EPC	REA	PTGC	2017	Completed
Iran	Engineering, procurement, construction, installation, testing of 132/33 kV substation	EPC	South Rohina Steel Company	PTGC	2016	Completed
Iran	Design, supply and construction of new 132/33 KV substation of Arvand Kaveh Steel	EPC	Arvand Kaveh Steel Company	PTGC	2016	Completed
Armenia	Design, engineering, procurement, supply and construction of 275 km 400 KV Iran-Armenia third power transmission line related to it	EPC	HIVEN	PTGC	2015	Under Construction
Ethiopia	Design, supply and commissioning of the 15/33/230 KV substation of the Wolkait sugar factory in northwestern Ethiopia	EPC	EEP	Sunir	2014	Completed
Armenia	Extension of 220 kV Shamb-Spandarian substation	EPC	TDE	SUNIR	2014	Completed
Lebanon	Design, supply and construction of 66 kV Al-sin line and substation	EPC	TDE	SUNIR	2014	Completed
Iraq	Design, supply and construction of 66 kV Ayn-Baydeh line and substation	EPC	TDE	SUNIR	2014	Completed

Power Transmission and Distribution						
Iraq	Design, supply, installation of three 132/11 kV mobile substations and three 33/11 kV mobile substations	EPC	The Ministry of Electricity-Kurdistan Region	SUNIR	2014	Completed
Iraq	Design, supply, installation of four 132/11 KV substations	EPC	The Ministry of Electricity-Kurdistan Region	SUNIR	2013	Completed
Pakistan	Design, production, supply, installation, testing and commissioning of 500 kV and 220 kV two-circuit Shekarpur lines.	EPC	NTDCL	SUNIR	2011	Completed
Afghanistan	Design, supply and installation of 57 km of 110 kV transmission line and 110/20 kV substation in Qale Nou	EPC	Ministry of Water and Energy	SUNIR	2011	Completed
Pakistan	Design, supply and installation of 75 km of 220 kV transmission line - double circuit and Gwadar port GIS substation	EPC	NTDCL	SUNIR	2009	Completed
Ethiopia	Extension of three 230 kV substations in Bahir Dar, Gondar, Shehedi	EPC	EEP	SUNIR	2009	Completed
Pakistan	Supply of 13 transformers 220/132 KV 250MVA for the second phase of Gwadar project	P	NTDCL	SUNIR	2008	Completed
Pakistan	Design, supply and installation of 120 km of 220 KV two-circuit transmission line in Dado Khozdar	EPC	NTDCL	SUNIR	2008	Completed
Azerbaijan	Design, investigation, geological studies, construction, testing, delivery, installation and commissioning of power transmission lines and 330 kV and 220 kV substations between Imishli, Ali Bayrameli and Astara stations in Azerbaijan.	EPC	Azer Energy	SUNIR	2006	Completed
Iraq	Design, construction and installation of 220 kV power transmission line	EPC	Iraq Electricity Ministry	SUNIR	2006	Completed
Senegal	Design, Supply, Construction and C ommissioning of 113 km of 225 kV Tobene-Touba line and 72 km of 225 kV Touba-Kaolack line and related substations.	EPC	SENELEC	SUNIR	2005	Completed
Armenia	Design, supply and installation of Agarak 220 kV substation	EPC	HIVEN	SUNIR	2002	Completed
Syria	Design, supply and implementation of six 66/20 KV substations	EPC	PEDEE	SUNIR	2000	Completed

Oil and Gas						
Iran	Design, supply and implementation of pressure reduction stations in Parsabad	EPC	Agricultural settlements company	PTGC	2024	Under Construction
Iran	Implementation of the gas supply network from Abash Ahmed to Horand	EPC	Gas of East Azarbaijan province	PTGC	2024	Under Construction
Iran	Construction of Abadan oil refinery storage complex	EPC	Abadan Oil Refinery	PTGC	2023	Under Construction
Iraq	Supply, construction and operation of reservoirs of Iraq's Debis power plant		Iraqi Ministry of Electricity	PTGC	2015	Completed
Iran	Supply of electrical equipment for the second phase of Assalouye reservoirs	P	Asalouye Green Reservoirs	PTGC	2021	Completed
Iran	Supplying Salman Farsi petrochemical electrical equipment	P	Shams Imran	PTGC	2020	Completed
Iran	Supplying equipment for DehIran pressure boosting station	P	Oil development and engineering	PTGC	2020	Completed
Iran	Supply of electrical equipment for the 26-inch Sirjan-Bandar Abbas pipeline project	P	Oil engineering and development	PTGC	2020	Completed
Iran	Supply of electrical equipment for phases 2 and 3 of South Pars Gas	P	Pars oil and gas	PTGC	2018	Completed
Iran	Supplying equipment for the pressure boosting station of Abadan Refinery	P	Oil-rich areas of the south	PTGC	2018	Completed
Iran	Supply of electrical equipment for the construction of phases 17 and 18 of South Pars Gas	P	Pars oil and gas	PTGC	2017	Completed
Iran	Maroon petrochemical electrical equipment supply	P	Maroon Petrochemical	PTGC	2017	Completed
Iran	Supply of electrical equipment for Mansoor Abad oil field	P	Oil-rich areas of the south	PTGC	2017	Completed
Iran	Supplying Meandoab petrochemical electrical equipment	P	Midandoab Petrochemical	PTGC	2017	Completed
Armenia	Design, supply and installation of 40 km of Meg Kadjaran natural gas transmission line	EPC	HVEN	SUNIR	2004	Completed

Power Distribution and Rural Electrification						
Iran	Power supply from the GIS substation to the power substation (control room) of direct regeneration plant No. 2	EPC	Sirjan Jahan Steel Compnay	PTGC	2022	Under Construction
Iran	Engineering, product supply and implementation of 33 kV double-circuit line in Maron	EPC	National Iranian South Oilfields Company	PTGC	2022	Under Construction
Iran	Supply and construction 33 kV power transmission line to the Siahmakan station	EPC	National Iranian Petrochemical Company	PTGC	2022	Under Construction
Iran	Designing the provision of equipment and installation and testing and commissioning of capacitor operation in 8 substations above distribution	EPC	Zanjan Regional Electric Company	MBN	2022	Under Construction
Iran	Street Lighting of the Tourist Village	EPC	Gohar Park Sirjan	PTGC	2022	Under Construction
Iran	Behbahan distribution substation	P	Khuzestan Regional Electric Company	PTGC	2021	Completed
Iran	Subsastion distribution of martyrs	P	Khorasan Regional Electric Company	PTGC	2021	Completed
Iran	Apadana distribution substation	P	Esfahan Regional Electric Company	PTGC	2021	Completed
Iran	Hajiabad distribution substation	P	Bakhtar Regional Electric Company	PTGC	2021	Completed
Iran	Bam distribution substation	P	Kerman Regional Electric Company	PTGC	2020	Completed
Iran	12 substations of 20 KV in Khuzestan	P	Khuzestan Regional Electric Company	PTGC	2020	Completed
Iran	The above distribution post No. 4 of the Persian Gulf	P	Khuzestan Regional Electric Company	PTGC	2020	Completed
Iran	Distribution substation	P	Semnan Regional Electric Company	PTGC	2020	Completed
Iran	Maroon 2 project substation	P	The National Iranian South Oil Company	PTGC	2019	Completed
Iran	Extension of Zafar distribution substation	P	Tehran Regional Electric Company	PTGC	2019	Completed
Iran	Saeedabad distribution substation	P	Azerbaijan Regional Electric Company	PTGC	2018	Completed
Iran	Tikmehdash distribution substation	P	Azerbaijan Regional Electric Company	PTGC	2018	Completed

Power Distribution and Rural Electrification						
Iran	Development of the distribution substation of Shams Abad Industrial Town 1	P	Tehran Regional Electric Company	PTGC	2018	Completed
Iran	Development of distribution substation in Shams Abad industrial town 2	P	Tehran Regional Electric Company	PTGC	2018	Completed
Iran	Equipping substations of Tehran regional electricity distribution	P	Tehran Regional Electric Company	PTGC	2017	Completed
Iran	Equipping substations of Yazd regional electricity distribution	P	Yazd Regional Electric Company	PTGC	2017	Completed
Iran	Sepidroud distribution substation	P	Guilan Regional Electric Company	PTGC	2017	Completed
Iran	Bijar Strait distribution substation	P	Oil of central regions	PTGC	2017	Completed
Iran	Shamsabad distribution substation	P	Tehran Regional Electric Company	PTGC	2017	Completed
Iran	West Karun distribution substation	P	PEDEC	PTGC	2017	Completed
Afghanistan	Supply and construction of 14 km of 20 kV transmission line in Mazar-i-Sharif	EPC	AISA	SUNIR	2012	Completed
Iran	Supply and construction of 33 kV line along with installation of 33 kV transformer	EPC	Khuzestan Electricity Distribution Company	MBN	2012	Completed
Iran	Reducing losses in the distribution networks of Astana Ashrafieh city	EPC	Gilan Electricity Distribution Company	MBN	2010	Completed
Sri Lanka	Electrification of 1000 villages in Sri Lanka - 33 kV and low voltage lines	EPC	CEB	MBN	2009	Completed
Iran	Reducing losses in the distribution networks of Mahshahr city	EPC	Khuzestan Electricity Distribution Company	MBN	2009	Completed
Iran	Electricity supply to Bam city	EPC	Kerman Electricity Distribution Company	MBN	2008	Completed
Iran	Development and organization of urban and rural networks of Shushtar	EPC	Khuzestan Electricity Distribution Company	MBN	2008	Completed

Water and Wastewater						
Iran	Operation of the water transmission line from Qezal Ozan to the main reservoir of Ardabil city	EPC	Ardabil Regional Water Company	PTGC	2024	Under Construction
Iran	Executive operation of construction of transmission line and protective dyke of Zirdan greenhouse town	EPC	Agricultural settlements	PTGC	2023	Under Construction
Iran	Executive operations of route construction and water transmission line of the National Sea Water Desalination Project of Oman 146 to 180	EPC	Industries and mines water supply company	PTGC	2023	Under Construction
Iran	Shahid Boroujerdi Reservoir Dam construction operation and related structures	EPC	Regional Water Company of Lorestan	PTGC	2023	Under Construction
Iran	Supply of equipment and construction and operation of pumping station No. 5 by design and construction method	EPC	Industries and mines water supply company	PTGC	2023	Under Construction
Iran	Construction of Karon petrochemical industrial wastewater comprehensive treatment plant	EPC	Petrochemical Karoon Co	PTGC	2023	Under Construction
Iran	Completion and developement the water supply of purified water to the buildings and the construction of the RO sheds	EPC	Parsian Gas Refining	PTGC	2022	Under Construction
Iran	Supply and implementation of 88 kilometers of water transmission line with a diameter of 1600 mm to 2000 mm, water transmission project from the Oman Sea to the industries of Isfahan province	EPC	Isfahan Water supply Company	PTGC	2022	Under Construction
Iran	Construction of transmission line and protection dyke in Sistan and Baluchistan	EPC	Agricultural Settlements Company, Ministry of Agricultural Jihad	PTGC	2023	Under Construction
Iran	40 km water transmission line from the sea of Oman to the eastern provinces of Iran	EPC	Industries and Mines Water Supply Company-IMWASCO	PTGC	2023	Under Construction
Iran	Completion activities of pumping station and irrigation network under pressure in areas 1 and 5 of Jaydar Plain in Poldokhtar city	EPC	Regional Water Company of Lorestan	PTGC	2023	Under Construction
Iran	Supplementary operation of Karamabad Reservoir Dam and the water transfer line of the lands downstream of the dam and related facilities of the dam	EPC	Regional Water Company of West Azerbaijan	PTGC	2023	Under Construction
Iran	Design, engineering services, equipment supply, installation, implementation and commissioning of the first part of the 3rd phase of Golgohar complex water recovery project	EPC	Golgohar Mining and Industrial Company	PTGC	2022	Under Construction
Iran	Water supply project and implementation of 1200 mm pipe jacking	EPC	Golgohar Mining and Industrial Company	PTGC	2022	Under Construction

Water and Wastewater

Afghanistan	Construction of 14 MW hydropower plant in Daronte	EPC	Breshna	PTGC	2020	Under Construction
Afghanistan	The construction of Dehne Dareh dam and power plant	EPC	Ministry of Energy and Water of Afghanistan	PTGC	2017	Under Construction
Afghanistan	The construction of Chaki Wardak hydropower plant	EPC	Ministry of Energy and Water of Afghanistan	PTGC	2016	Under Construction
Syria	Construction of tunnel for water supply to Homs and Hama-south of Aleppo	EPC	Ministry of Irrigation & General Organization for Land Development	SUNIR	2015	Completed
Syria	Design, supply and implementation of hydromechanical, mechanical and electrical equipment of Bab El-Tadef for water supply of 6700 hectares	EPC	General Organization for Land Development	SUNIR	2007	Completed
Cuba	Supplying and supervising the installation of water treatment plants and pumping stations for 10 Cuban cities	EPC	Cuba Hidraulica	SUNIR	2005	Completed
Turkmenistan	Design, supply and construction of water supply system in Ashgabat	EPC	Ministry of Energy & Industry	SUNIR	2005	Completed

Road, Building, and utility						
Iran	Construction of Tehran- Pardis freeway	EPCF	Construction and development of the country's transportation infrastructure Company	PTGC	2023	Under Construction
Iran	Construction operation of the second runway of Tabas-Yazd axis (fourth section) with a length of 17 km, between km 36,000 and 53,000	EPC	Athority Road and Urban Development of Khorasan	PTGC	2023	Under Construction
Cameroon	Construction of dual roadway including tunnels and bridges and construction of 14 residential apartment blocks	EPC	Douala Infratech Company	PTGC	2023	Completed
Iran	Shahrood passenger terminal and vertical parking lot	EPC	Shahrood Municipality	PTGC	2023	Under Construction
Iran	Construction of 48 units of Residential apartments in Zanjan	EPC	Police academy in Zanjan	PTGC	2023	Under Construction
Iran	Construction of 243 residential units of the National Housing plan(Ramin)	EPC	Hashtgerd New City Company	PTGC	2023	Under Construction
Iran	Construction of 91 residential units of the National Housing plan(Asayesh)	EPC	Hashtgerd New City Company	PTGC	2023	Under Construction
Iran	construction of building blocks in zone 18 of the residential complex of the 81 Koi Dakhaniyan project, located in phase one of Gulshahr Kazimieh, Zanjan city.	EPC	Shahrab Araman	PTGC	2023	Under Construction
Iran	Construction of 2197 residential units of the National Housing plan in the new city of Parand	EPC	Parand New City Company	PTGC	2022	Under Construction
Iran	Design, supply and construction of 241 villas and landscaping in Binaloud New City in Razavi Khorasan	EPC	Binalud New City Company	PTGC	2022	Under Construction
Iran	Design, supply and construction of 1000 6-storey residential units and landscaping in Qom city	EPC	Qom Roads & Urban Development Authority	PTGC	2022	Under Construction
Iran	Carrying out all operations of Nikshahr railway station (buildings, electrical and mechanical installations) of Chabahar-Zahedan railway project	EPC	Ministry of Roads and Urban Development	PTGC	2022	Under Construction
Iran	Implementation of building rehabilitation, mechanical and electrical installations of the cigarette production hall of Saqqez factory	EPC	Iran Tobacco Company	PTGC	2023	Under Construction

Road, Building, and utility						
Iran	Construction of 150 residential units of the National Housing plan in the new city of Tis, Sistan, Balochistan	EPC	Tis New City Company	MBN	2022	Under Construction
Iran	Construction of 129 residential units of the National Housing plan in the new city of Tis, Sistan, Balochistan	EPC	Tis New City Company	PTGC	2022	Under Construction
Iran	Construction of 100 residential units of the National Housing plan in the New City of Alavi, Hormozgan	EPC	New Cities Company	MBN	2022	Under Construction
Iran	Construction of 544 residential units in Kerman	EPC	Toseaeh Garan Omran Setad	MBN	2022	Under Construction
Iran	Construction of Nikshahr railway station, Sistan and Baluchistan	pc	Ministry of Roads and City Planning	PTGC	2022	Under Construction
Iran	Implementation of the tourism village	EPC	Sirjan Gohar Park	PTGC	2022	Under Construction
Iran	Implementation of the tourism village zip line	EPC	Sirjan Gohar Park	PTGC	2022	Under Construction
Iran	Implementation of SQ2 Tourism Village	EPC	Sirjan Gohar Park	PTGC	2022	Under Construction
Afghanistan	Design, procurement and construction of cold storage	EPC	Breshna	MBN	2017	Under Construction
Afghanistan	Greenhouse design, procurement and construction	EPC	Breshna	MBN	2015	Under Construction

Automation						
Iran	PMS & PDCS of Persian Gulf Star Oil Company's Gas Condensate Refinery	EPC	Persian Gulf Star Oil Company	PTGC	2014	Completed
Iran	ESD and measuring panels of Mandanizadeh gas station	EPC	Gas engineering and development	PTGC	2014	Completed
Iran	PDCS for Khuzestan steel	EPC	Steel of Khuzestan	PTGC	2013	Completed
Iran	PDCS for phase 19 South Pars gas field	EPC	South Pars Gas Complex	PTGC	2013	Completed
Iraq	Fuel control system of Al-Sadr power plant	EPC	Iraq Ministry of Electricity	PTGC	2013	Completed
Iran	PDCS phase 14 South Pars gas field	EPC	South Pars Gas Complex	PTGC	2012	Completed
Iran	PDCS for phase 20 and 21 of South Pars gas field	EPC	South Pars Gas Complex	PTGC	2012	Completed
Iran	monitoring system and ISOMAX control units of Tehran oil refinery	EPC	Tehran oil refinery	PTGC	2012	Completed
Iran	PMS of Tabriz gas pressure boosting station	EPC	National Gas Company	PTGC	2011	Completed
Iran	PDCS phase 17 and 18 of South Pars gas field	EPC	South Pars Gas Complex	PTGC	2010	Completed
Iran	Bandar Abbas oil refining PMS & PDCS	EPC	Bandar Abbas oil refining	PTGC	2010	Completed

Automation						
Iran	PMS of South Pars Central Station	EPC	South Pars Gas Complex	PTGC	2009	Completed
Iran	PMS of Abuzar oil field	EPC	Iranian Offshore Oil Company	PTGC	2008	Completed
Iran	PDCS phase 9 and 10 of South Pars gas field	EPC	South Pars Gas Complex	PTGC	2005	Completed
Iran	Azerbaijan gas transmission line PMS	EPC	National Gas Company	PTGC	2005	Completed
Iran	Remote control 10 high voltage substations	EPC	Azerbaijan Regional Electric Company	PTGC	2005	Completed
Iran	Automation of Ten 63/20 kV substations	EPC	Tehran Regional Electric Company	PTGC	2004	Completed
Iran	Remote control 50 high voltage substations	EPC	Iran Power Development Company	PTGC	2004	Completed
Iran	Imam Khomeini Port Oil Storage PDCS	EPC	National oil company	PTGC	2002	Completed
Iran	Substation automation 230/63/20 kV Lahijan	EPC	Iran Power Development Company	PTGC	2001	Completed
Iran	Substation automation 230/63/20 kV Fuman	EPC	Gilan Regional Electric Company	PTGC	2001	Completed
Iran	Substation automation 230/63/20 kV Pardis	EPC	Iran Power Development Company	PTGC	2000	Completed

Industry and Mining						
Iran	Supplying 10,000 tons of baked anode block for the aluminum smelter of the Iran Alumina aluminum ingot factory.		Iran Alumina Company	MBN	2022	Under Construction
Iran	Supply of electrical equipment for Saba steel complex	P	Saba Steel	PTGC	2021	Completed
Iran	Supply of electrical equipment for Baft Steel Factory	P	Baft Steel	PTGC	2020	Completed
Iran	Supply of electrical equipment for Pasargad steel factory	P	Pasargad steel	PTGC	2020	Completed
Iran	Supply of electrical equipment for Butia steel regeneration unit	P	Butia steel	PTGC	2020	Completed
Iran	Supply of electrical equipment for Hamadan glass factory	P	Hamadan glass factory	PTGC	2020	Completed
Iran	Supply of electrical equipment for pellet transfer conveyor	P	Steel of Khuzestan	PTGC	2020	Completed
Iran	Supply of electrical equipment for Bardsir steel factory	P	Sirjan Iranian steel	PTGC	2020	Completed
Iran	Supply of electrical equipment for Fould Arfa complex	P	Arfa Yazd Steel	PTGC	2018	Completed
Iran	Supply of electrical equipment for Fulad Sangan complex	P	Sangan steel complex	PTGC	2017	Completed
Iran	Supply of electrical equipment for Gilan steel complex	P	Gilan steel complex	PTGC	2017	Completed
Iran	Supply of electrical equipment for Fars Cement Factory	P	Fars cement	PTGC	2017	Completed
Iran	Supply of electrical equipment for Khuzestan Aluminum Complex	P	Khuzestan Aluminum	PTGC	2017	Completed
